Our fortnightly summary, containing 60 columns of original matter, will be issued next Monday morning.

On the up trip of the Eureka she was severely handled by rough weather. On April 7th, at 10 a. M. heavy seas carried away several planks. Both pumps were set to work and kept in continual motion, as the vessel was leaking. Sugar, how much is not yet known, was thrown overboard to lighten the vessel. Messrs. Hackfeld & Co. are agents for the Eureka here.

CAPTAIN Cluney asserts that he does not keep run-away horses, and therefore the one that ran away the other day could not be his.

NOTES FROM MAUI.

The steamer Likelike arrived this morning from Kahului, a day ahead of time, so as to receive several slight repairs before sailing on Monday next. The bark W. Case was towed out of Kahului last night by the Likelike. The Case had 960 tons of sugar for San Francisco. The schooner Rosario is loading at Kahului. Rain has been falling on Maui in abundance: On Sunday and Monday last the rain came down in torents at Kahului, Hana, and Spreckelsville.

ARRIVAL OF THE CONSUELO.

Mr. F. H. Hayselden, Secretary of the Board of Health, went out to the Consuelo, in quarantine off port this morning, and being satisfied that there was no sickness aboard gave the pilot permission to bring the ves sel in. The tug was signaled and the brig taken in tow. The yellow flag was lowered when off the O. S. S wharf. Mr. A. F. Cook boarded the vessel as soon as she dropped anchor, to receive Miss Lydgate and bring her ashore. Four Japanese passen-gers were taken over the side of the brig and with their traps taken to the quarantine grounds across the bay.

PLACING OF HYDRANTS.

Four of the new hydrants, fately received from the States, have been put in Emma street. The fourth was placed there to-day. Emma street now has five hydrants, including the one at the head of the street, and is supposed to be thoroughly supplied. In the course of a week or two the Chief Engineer will call out the Fire Department, to test the water power when more than one hydrant is used at the same time. The remainder of the 25 hydrants received will not be placed until the necessary connections arrive from the States.

LADIES' MORNING CLASS.

We are glad to learn that Mrs. Florence Williams has arranged to meet a class of ladies for the study of Literature, on Saturday mornings. All ladies who would like to become members of this class are requested to meet Mrs. Williams tomorrow morning at 10 o'clock, at the residence of Hon. C. R. Bishop. These "mornings" will be five in number, and are not lectures but studies, in which Mrs. Williams will lead those who join the class in the best methods of studying the very best literature.

A CATASTROPHE.

At about 4:30 o'clock last evening, when the Government mule carts, driven by prisoners, were returning from work, along King street, Mr. C. B. Patterson's horse and brake were standing in front of Mr. Oeding's office, close to the side-walk. One of the mule carts swerved out of the line, and came in contact with the shaft of the brake, naturally frightening the horse, and causing it to bolt. After striking Oeding's express, the horse and brake went tearing along King street towards Government House, the direction in which the mule carts were travelling. The muleresidence, Beretania street, will com- drivers set up a yell horrible enough to alarm a visitor from the lower regions, and thus contributed to the speed of the run-away. The horse and brake turned up Richard street, and shortly after turning into Beretania street towards Punchbowl, came in contact with a telephone post. The post was smashed in two near the ground, and here the horse and brake became separated, the horse continuing on his course alone. The horse when recovered was found to be badly damaged on the back, and the brake, of course,

is a wreck. The consumption of boot blacking value of £560,000.

Y. M. C. A.

THE ANNUAL MEETING.

Last evening, the adjourned annual meeting of the Y. M. C. A. was held in the upper hall of the Society's building. There was a large attendance, including a fair share of ladies. Mr. Bowen, the retiring president, opened the proceedings by calling upon all to join in singing the hymn, "We're Marching to Zion." Rev. W. B. Oleson followed with prayer. Mr, F. J. Lowrey, Chairman of the Committee on Devotional Work, read his report, in which he stated that the noon day meetings, had not proved a success, and were consequently discontinued. On the other hand, the Sunday afternoon meetings had been successful, the average attendance being 53.

TEMPERANCE COMMITTEE.

Mr. P. C. Jones, the Chairman stated, that as only three minutes were allowed for each report, it did not permit of him saying much. He referred to the meetings that had been held in Fowler's yard and gave reasons for discontinuing the same. The average attendance had been 18. Good work seems to have been done by this association, and also by the W. C. T. U. He alluded to the work accomplished by Mr. Booth, during his recent temperance cam-paign. In speaking of the Rev. J. A. Cruzan, he said that he had done more in the cause of temperance, than any other man, during his six years' sojourn in this country. He pointed out that 48 per cent of the Customs' revenue was derived from the duty on liquors. He considered this was not a satisfactory state of things, and was of opinion that the only course open to pursue, was total prohibition.

READING ROOM COMMITTEE. The Rev. W. C. Merritt read the report of the above committee, stating in detail the number of periodicals that were taken by the Association. He also referred to papers having been taken away from the room, and not returned. He expressed thanks to the proprietors of the DAILY BULLETIN and Herald for free copies supplied.

GENERAL SECRETARY'S REPORT.

MR. PRESIDENT AND FELLOW WORKERS :- In two days it will be eighteen years since a small but noble band of young men met in Olympic hall on Nuuanu street and organized this Association. Most of | temperance meeting are held weekly, that little company are still with us, but they have ceased to be young men. They are now heads of families, and among the leaders in the business life of this kingdom. They are still identified with the Association and generously contribute time and money to further its work, but the working force of this Association should be made up largely of the young men of to-day. Some of our resident young men have gone; others have come, by the exchange we have not always been the gainers. Still there are among us a large Temperance Evangelist, who held a n England in a year amounts to a member of young men who ought mission of about three weeks in our to be vitally connected with this city; which began in Fort street | zen of Milan:

to an active christian life and a church home. For this is the object of all our work.

During the last twelve months as we have labored along this line, we have found many encouragements and much for which to be thankful. To-night, we pause for a little to look backward over the way we have come, and if may be, to catch fresh

inspiration for the duties before us. Most of the Committees have been quite faithful to the work assigned them, especially the Committees on Devotional work, Temperance, Reading Room and Finance. Some of the Committees have not been remarkably successful as a whole, but a few of the individual members of each, have done good work.

The Entertainment Committee started off well at the beginning of, the year, but soon showed signs of weakness caused mainly by the loss sustained in the removal to London, of Mr. T. H. Davies, the former energetic chairman. This is an important committee, and we hope for better things from the new one during the coming year.

The Committee on Visitation has made weekly calls at the Hospital, ministering to the needs of the sick young men as opportunity offered. During a part of the year the Prison has also been visited regularly.

Business depression has made it impossible to find employment for more than a small proportion of the large number of applicants, yet the Committee feel they have done what they could, and several young men hold good positions to-day as a result.

During the first of the year our experience with a Welcome Committee was well calculated to develop some of the strong christian graces, especially one,-Departure from the city deprived us of the few to be "counted on," and the work of this committee has since been continued on general principles with quite as good success, the Secretary acting as chairman of an unorganized committee. A goodly number of young men have thus been induced to pass their evenings in conversation, or over the social games in the parlor. The new game of Crokonole, a present from Mr. J. B. Atherton, procured in the East, seems to be the favorite.

A few destitute young men have been provided with rooms, food and clothing, and in three instances with medical attention.

For five months a class of Portuguese young men have been instructed in English two evenings each week by Prof. Manuel Jose de

Freitas. Mr. P. C. Jones has taught a class in book-keeping every Monday evening throughout the year except during vacation and a recent visit to America.

Our religious meetings have been spiritual and helpful. Special meetings were held during the "Week of Prayer" for young men in Novem-The General Secretary presented the work of the International Committee and a collection of \$22.50 was taken for the same. During ten months of the year we have conducted a Sunday morning Bible class for young men in the Association parlor, with an average attendance of 8. The scope of our religious work is not so far reaching as it ought to be; but with the present claims upon our members for work not under our auspices, it is hard to find men or time available for en-

largement. The membership of the Association one year ago was 210, since then 15 voting members and 32 associate members have joined, making a total of 47 new members for the year; notwithstanding this apparent gain, the changes in our population have been so great that with the few who have failed to renew, our pre sent membership is reduced to 196. There have been 11 business

meetings of the Association; total attendance 269, average 24. There have been 10 meetings of

the Board of Directors; total attendance 52, average 5.

The Y. M. C. A. Boys have had a prosperous year, and graduated one of their number into the parent Association, at the March meeting. Mrs. F. J. Lowrey, the former efficient president, has resigned, and her place has been taken by Mrs. W. E. Merritt, of Oahu College, under whose wise and enthusiastic management these juveniles are sure to flourish.

A Branch work in the interest of Hawaiian young men has been undertaken which promises well. The Queen Emma residence having been rented and put in thorough order was formally opened on Saturday evening, March 12. The exercises of the evening were interesting and much enthusiasm was manifested by the large number of natives present. Educational classes, a debating society, and a gospel and well attended. The reading rooms are well patronized especially in the evenings. Two rooms in the same building have been fitted up for Japanese young men; and they prove a bright center of attraction to many who gather for instruction, to read or play games. A generous amount of Japanese reading matter has been provided by the Consul

and other friends of the work. One of the most important and helpful events of the year was the visit of Mr. R. T. Booth the Gospel

institution, making it the doorway | Church, Sunday evening, Jan. 23, and closed in Kaumakapili Church, Tuesday evening, Feb. 15; 8 of the evening meetings, 5 noon-day meetings, and 3 popular lectures were given in this hall. Mr. Booth also addressed 5 meetings in Fort-street Church and 4 in the native churches. 313 foreigners and 396 natives signed the pledge, which was probably about two-thirds of the whole number who took the blue ribbon; the balance having signed the pledge at some previous time. The good accomplished cannot be calculated mathematically or expressed by figures; but may be regarded as a strong link in the chain that shall one day bind the demon-drink, when he shall be cast hence from

> those sunny shores. In closing I desire on behalf of the Association, and personally as well, to thank all the friends who so kindly and generously contributed time, means, ability and influence to forward our efforts in the interest of young men, especially those who have aided the Hawaiian Branch enterprise. The press of the city deserve special mention for their uniform kindness and helpful notices of our work.

> Our best service has been consciously imperfect, but we gratefully remember the source of our strength in the past, and look out into the new year with hope, trusting in Him who hath said: "I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee."

As officers and members let us careful not to lose our individuality in the organized body, or shift to it. the responsibility that belongs to each personally; and may God impress upon each worker of this Association the importance of reaching, and saving the individual young S. D. FULLER, General Secretary.

THE PRESIDENT'S ADDRESS. Mr. W. A. Bowen, the retiring president, then read a lengthy address. He entitled his subject, the "Working of the Leaven." referred to different branches of the Association throughout the world, and in conclusion, dwelt particularly upon the Honolulu branch. He then introduced to the audience, Mr. F. J. Lowrey, the newly appointed president.

Mr. Lowrey ascended the rostrum and in a few well-selected words, thanked the members for the honor they had done him. He would, during his tenure of office, seek the aid of the young men. He then proceeded to announce the committees as appointed by the directors, and expressed a hope they would each and all of them, feel the responsibility of the positions they had been assigned. In conclusion, he announced that ice cream and cakes were awaiting their attention, and a cordial invitation was extended to all present to partake thereof.

Late Foreign News.

The Consuelo arrived this morning, bringing dates to 16th inst.

The following is the latest news: The Hyde Park meeting was held on 11th April. The result was one of the largest crowds ever seen in Hyde Park, making up an audience of participators in the demonstration and spectators upward of 150,-000 people.

It was feared early in the day that there would be some hostile demonstration against the Tory Clubs on Pall Mall. John Bright appeared to be in bad favor, as he was constantly hooted and hissed to-day whenever his name was mentioned. Gladstone was the idol of the hour. At every window where his portrait was shown the men would pause and cheer again and again before resuming their march. Throughout the long struggling line of thirty or forty thousand people marching in this procession, there were numer-ous bands playing the "Marseillaise," "Wearing of the Green," "St. Patrick's Day," and kindred airs. It was one of the quietest and most peaceable meetings ever known in the history of political demonstrations of England. Stirring speeches were made by Sullivan, Davitt and others.

New York, April 10 .- The Tribune's Providence (R. I.) special of April 8th says: The Democrats carried the new elections for Sena tors and Representatives in Newport and East Greenwich to-day, and the Republicans secured one member in Warwick. The Legislature now stands: Senate, Republicans 19, Democrats 15, no election 2; House -Republicans 28, Democrats 41, no election 3; joint ballot-Republican 47, Democrats 53, no election 5. The Democrats have already one more than enough members to elect the candidate for Lieutenant-Governor, Secretary of State, Sheriff, State Auditor, District Judge, etc. The Reform party paid as high as \$15 for votes in East Greenwich to-day.

Chicago, April 12.—The Chicago fourteen-inch balk-line billiard match to-night at Central Music Hall between Schaefer and Slosson for \$500, was easily won by Schae-fer by 800 to 639. Schaefer averaged 17 35-45 and Slosson 14 23-44 Schaefer's best run was 126 and Slosson's 135. About 1,000 people were present.

It is reported that the Russians are collecting large commissary and other stores at Penjdeh and Kohja Saleh, on the northern borders of Afghanistan.

Berlin, April 15th.—The extra military credits asked by the Government amount to 134,000,000 marks. Of this, 40,000,000 are for an increase of the army, 12,000,000 for new equipments, and the remainder for strategic railroads and improvements in

fortresses. SHIPWRECKED SAILORS.

Two of the survivors of the wrecked bark J. W. Seaver have arrived from Santa Cruz. Both swam ashore before the captain left the bark. Their baggage was saved from the wreck, but some thieves broke open their trunks and stole everything of value belonging to the wrecked sailors. Both lost all of their wearing apparel. The thieves could not be discovered by the ranchers at Ano Neuvo.—[8, F. Chronicle.

THE LARCEST LOCOMOTIVE.

The Rhode Island Locomotive Works completed during the end of last month a locomotive for the New York, Providence, and Boston Railroad. It is claimed by our American cousins that this locomotive is the largest and fastest ever built. It is designed to run between Providence and Groton, Conn., and is expected to draw eight cars over the road between the two points-a distance of 624 miles-in 624 minutes, including a full stop at Mystic drawbridge. The weight of the engine is about 95,000lb. The boiler is 54in. in diameter, cylinders 18 by 24in., driving wheels 6ft. in diameter, firebox 125in. long and 43in. wide. It will require three tons of hard coal for making the fire before starting from the round house. Four tons of coal and 4,000 gallons of water will be carried in the tender .- [Home News.

TEN THOUSAND DOLLAR-DOCS.

It will be a surprise to many to know that a dog may be worth as much as \$10,000, but such is the case, and there are several of them in the United States. One of these dogs is owned in Baltimore by Geo. Norbury Appold, and is valued at \$10,000. The dog's name is Bravo, and he is the champion lemon-and white pointer dogs of the United States. Bravo has won prizes at the bench shows of Franklin, Penn. ; Atlanta, Ga.; Pittsburg, Penn.; New York; Washington, D. C.; Springfield, Ill.; Cincinnati; Chicago, and Philadelphia. Among the dogs out of Baltimore on which high value is placed are the following: Harry de Bacon Page's deer-hound dog Dunrobin, \$10,000, at Stanley, N. J.; William H. Pierce's Gleucho Kennels, Peeksvill, N. Y .- Gleucho,

\$10,000; Fawn, \$10,000; Trix \$10,000; Snap, \$10,000. Some of the most valuable of these dogs have constant attendants-men who are always with them .-- [Baltimore Sun.
